INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of the
Firemen's Pension and Relief Fund
of the **City of Kenner, Louisiana**

We have audited the accompanying statement of plan net assets of the **Firemen's Pension and Relief Fund of the City of Kenner, Louisiana** (the "Fund"), a component unit of the City of Kenner, Louisiana, as of and for the year ended June 30, 2000, and the related statement of changes in plan net assets for the year then ended. These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial status of the **Firemen's Pension and Relief Fund of the City of Kenner, Louisiana** as of June 30, 2000, and the changes in its financial status for the year then ended in conformity with generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 15, 2000 on our consideration of the **Firemen's Pension and Relief Fund's** internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the financial statements of the **Firemen's Pension and Relief Fund of the City of Kenner, Louisiana** taken as a whole. The required supplementary information and supporting schedule listed in the table of contents, which are also the responsibility of the Fund's management, are presented for purposes of additional analysis and are not a required part of the financial statements. Such additional information has been subjected to the auditing procedures applied in the audit of the financial statements, and, in our opinion, is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

OF THE CITY OF KENNER, LOUISIANA**
NOTES TO FINANCIAL STATEMENTS
June 30, 2000

NOTE A - PLAN DESCRIPTION AND CONTRIBUTION INFORMATION

General

Prior to the merger with the Statewide Firefighters Retirement System ("SFRS"), the Firemen's Pension and Relief Fund of the City of Kenner, Louisiana (the "Fund"), was a single employer, Public Employee Retirement System ("PERS"). The Fund provided retirement, disability, and death benefits for plan members and their beneficiaries. Cost of living adjustments ("COLA") were provided as amended under ACT 588 of the 1995 Regular Session of the Louisiana Legislature. Act 19 of the 1964 Regular Session of the Louisiana Legislature assigns the authority to establish and amend the benefit provisions of the Plan to the Louisiana Legislature.

In March 1998, the required three-fourths vote of the active and inactive members approved the merger with the Statewide Firefighters Retirement System ("SFRS"). Approval of the merger was received from the SFRS and the Joint Retirement Committee. The City Council approved the merger in December 1998 and signed an agreement with SFRS on March 25, 1999 regarding the payment of the merger liability. The final merger liability as of March 27, 1999 was \$14,050,233, which represents 60% of the accrued liability for active employees (\$6,301,446) and 100% of the accrued liability for retired employees (\$7,748,787). The Fund transferred assets in the amount of \$11,130,143 to the SFRS to pay the merger liability. The value of the transferred assets for purposes of the merger, as discounted from the date of receipt to the merger date of March 27, 1999, at the system's actuarial valuation interest rate of 7% was \$11,089,495. The remaining liability of \$2,960,738 plus interest at the rate of 7% per annum was assumed by the City of Kenner to be paid over 30 years.

In addition to the above merger liability, the SFRS was due \$4,200,964 as of March 27, 1999, from the State's Insurance Premium Tax Fund which represents the remaining 40% accrued liability for the active employees.

This contingency fund remains to handle those members who could retire after twenty (20) years of service if hired before April 1, 1978. The Statewide Plan requires a member with twenty (20) years to also be at least age fifty (50) to retire. Retirement is also allowed at any age with twenty-five (25) years of service or at age fifty-five (55) with twelve (12) years of service.

For Kenner members on the 20-year plan, retirement may be delayed in some cases under the Statewide Plan. Therefore, six (6) members remained under the Fund as of the merger date.

In addition, the contingency fund pays annual incentive bonuses equal to 10% of salary to these 20-year members who continue in the service of the Fire Department after they are eligible to retire under the provisions of the Fund. However, if these Kenner members on the 20-year plan do not retire before reaching age fifty or attaining twenty-five years of service, then they would qualify

**NOTE A - PLAN DESCRIPTION AND CONTRIBUTION INFORMATION
(CONTINUED)**

for benefits as members of the Statewide Plan. Any funds remaining in this contingency fund after the six (6) members have become participants in the Statewide Plan will be transferred to the City of Kenner to assist in paying the existing merger liability. The remaining estimated payout of potential contingency fund liabilities is 8 years.

Eligibility

Prior to the merger with the Statewide Plan, every permanent, active employee of the Fire Department of the City of Kenner who qualified as a permanent employee under the rules of the Municipal Fire and Police Civil Service System of the City of Kenner was eligible for participation. Coverage was extended to those individuals who had not yet been made permanent members of the Fire Department, provided benefits to those individuals who were injured in the line of duty, and provided coverage for the widows and children of firemen who were killed in the line of duty.

To be eligible for normal retirement an employee must have 20 years of service if hired before April 1, 1978; 30 years of service if hired on or after April 1, 1978 and on or before September 30, 1996; and 30 years of service and upon reaching age 55 if hired after September 30, 1996.

The merged active members shall not be eligible to receive a benefit from the SFRS until one year after the date of the merger and only upon attaining eligibility under the Statewide Plan. The Fund shall be obligated to pay any retirement benefit to an active member who is merged and who is eligible to retire and does retire, until one year after the date of the merger. The SFRS shall be obligated to pay the retirement benefit of the merged member commencing on the date of one year after the date of the merger. The Fund is responsible for reimbursing the SFRS for costs involved with active members either entering DROP or retiring within the first 12 months of the effective date of the merger. For the year ended June 30, 2000, the Fund reimbursed the SFRS \$103,603 for several active employees enrolled in DROP as of March 26, 2000.

Contributions

Prior to the merger with the Statewide Plan, the Fire Department employees contributed 9% and the City of Kenner contributed 13% of the gross salary of participating employees. These contribution requirements were not actuarially computed, but rather were determined and authorized by Act 765 of the 1989 Regular Session of the Louisiana Legislature and approved by the City Council of the City of Kenner, Louisiana Resolution B-8679 dated February 15, 1990. Act 558 of the 1995 Regular Session of the Louisiana Legislature was approved on June 18, 1995 and provides that the employees' contribution percentage may be increased by a vote of two-thirds of the active contributors and that the City's contribution percentage may be increased by a vote of two-thirds of the members of the Council of the City of Kenner. Administrative costs of the Plan are financed

**FIREMEN'S PENSION AND RELIEF FUND
OF THE CITY OF KENNER, LOUISIANA**
NOTES TO FINANCIAL STATEMENTS (CONTINUED)

**NOTE A - PLAN DESCRIPTION AND CONTRIBUTION INFORMATION
(CONTINUED)**

through investment earnings. Effective March 25, 1999, all contributions are made directly to the State for those members who merged with the SFRS. The amounts remaining in the contingency fund are deemed adequate for any potential contingency fund liabilities related to those members on the 20-year plan. Therefore, no additional contributions will be made to the contingency fund.

Benefits

The Fund provided for the pensioning of disabled, superannuated and/or retired members of the Fire Department of the City of Kenner, Louisiana, and their widows and/or orphans, and for the relief and aid of any member of the Fire Department in case of temporary disability. Benefit provisions of the Plan include retirement disability and death benefits for members and their beneficiaries, at varying percentages of salary or compensation, and in various stipulated amounts including workmen's compensation as defined in and limited by the Plan. In addition, funeral and burial expenses are provided for in a stated lump-sum payment. Due to the merger in March 1999, only six Kenner members remain eligible for such benefits under the Fund. Upon these members reaching the qualifications for retirement under the Statewide Plan, no further benefits would be subject to payment from the contingency fund.

Annual incentive bonuses equal to 10 percent of salary are available to these six Kenner members who continue in the service of the Fire Department after they are eligible to retire under the provisions of the Plan. All members are fully vested in their contributions to the Fund, for which contributions are nonforfeitable.

Members, upon permanent separation from service (as defined in the Plan), shall receive a lump-sum payment consisting of their individual accumulated contributions into the Plan, together with interest thereon, as determined by the Board of Trustees, but not less than 3 percent per annum. Effective October 1995, no interest will be paid until the Plan becomes actuarially sound.

Covered Payroll

The covered payroll for the plan for the year ended June 30, 2000 was \$0.

**FIREMEN'S PENSION AND RELIEF FUND
OF THE CITY OF KENNER, LOUISIANA**

Membership

At June 30, 1997 (latest date for which such information was available at the date of this report), the Plan membership consisted of:

Retirees and beneficiaries currently receiving benefits and terminated employees who are entitled to receive benefits but not currently receiving benefits	30
Active Plan participants:	
Fully vested	3
Partially vested	<u>83</u>
Total	<u><u>116</u></u>

However, due to the merger with the SFRS in March 1999, only six active plan participants remain under the Fund as of June 30, 2000.

**NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PLAN ASSET
MATTERS**

The following is a summary of the significant accounting policies which have been consistently applied in the preparation of the accompanying financial statements of the Fund:

Reporting Entity

GASB Codification Section 2100 establishes criteria for determining the governmental reporting entity and its component units. Component units are defined as legally separate organizations for which the elected officials of a primary government are financially accountable. The criteria used in determining whether financial accountability exists include the appointment of a voting majority of an organization's governing board, the ability of the primary government to impose its will on that organization or whether there is a potential for the organization to provide specific financial benefits or burdens to the primary government. Fiscal dependency may also play a part in determining financial accountability. In addition, a component unit may be another organization for which the nature and significance of its relationship with a primary government is such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Prior to the merger, the Firemen's Pension and Relief Fund of the City of Kenner, Louisiana (the "Fund"), provided pensions for members and survivors of the Fire Department of the City of Kenner and was a single employer, Public Employee Retirement System ("PERS"). The Fund was created by Act 19 of the 1964 Regular Session of the Louisiana Legislature (as revised and amended

**FIREMEN'S PENSION AND RELIEF FUND

**NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND PLAN ASSET
MATTERS (CONTINUED)**

in 1974, 1978, 1981, 1989 adopted 1990, and 1995). The Board of Trustees of the Firemen's Pension and Relief Fund of the City of Kenner, Louisiana is the administrator of the Plan. The board is composed of five members of which three of these members include the City of Kenner's (the primary government) Mayor and two members of the City Council.

Based on the criteria listed above, it has been determined that the Firemen's Pension and Relief Fund of the City of Kenner, Louisiana is a component unit of the City of Kenner, Louisiana for financial reporting purposes. The accompanying statements present only transactions of the Firemen's Pension and Relief Fund of the City of Kenner, Louisiana.

Annually, the City of Kenner, Louisiana (the primary government) issues general-purpose financial statements which include the activity contained in the accompanying financial statements as a pension trust fund.

Basis of Accounting

The Fund's financial statements are prepared using the accrual basis of accounting. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan.

Method Used to Value Investments

As required by Governmental Accounting Standards Board Statement No. 25, "*Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*", investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Corporate bonds are valued based on yields currently available on comparable securities from issuers of similar credit ratings. Investments that do not have an established market are reported at estimated fair value. The Board of Trustees is authorized by Act 19 of the 1964 regular session of the Louisiana Legislature to purchase insurance policies and to invest in investments as listed in Louisiana Revised Statute 22:844 with no limitation on the percentage of capital invested.

Besides investments in the U.S. Government obligations, the Plan has no investments in any one organization which represented more than 5% of net assets held in trust for pension benefits.

Reserves

There are no assets legally reserved for purposes other than the payment of plan members' benefits. There are no long-term contracts for contributions.

**FIREMEN'S PENSION AND RELIEF FUND
OF THE CITY OF KENNER, LOUISIANA**
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2000

NOTE C - CONTRIBUTIONS REQUIRED AND CONTRIBUTIONS MADE

The Plan's contribution requirements are established by state statute. Under the Plan, employees contribute nine percent (9%) of their gross salary and the employer is required to contribute thirteen percent (13%) of the gross salary of participating employees. There were no contributions to the Plan for the year ended June 30, 2000. All contributions are made directly to the State for those members who merged with the SFRS. The amounts remaining in the contingency fund are deemed adequate for any potential contingency fund liabilities related to those members on the 20 year plan. Therefore, no additional contributions will be made to the contingency fund.

NOTE D - DEPOSITS AND INVESTMENTS

At June 30, 2000, the carrying amount of the Fund's deposits and the bank balance was \$8,999. These deposits are fully insured by the FDIC.

Categories of Asset Risk

The investments of the Fund are governed primarily by an investment authority known as the "prudent person" rule. The prudent person rule, as set forth by State Statute, establishes a standard for all fiduciaries, which includes anyone who has authority with respect to the Plan. The Fund's investments at June 30, 2000 are categorized below to give an indication of the level of risk assumed by the Fund at year end. Category 1 includes investments that are insured or registered or for which the securities are held by the Fund or its agent in the Fund's name. Category 2 includes uninsured and unregistered investments for which the securities are held by the counterparty's trust department or agent in the Fund's name. Category 3 includes uninsured or unregistered investments for which the securities are held by the counterparty, or by its trust department or agent but not in the Fund's name.

	<u>Category</u>			<u>Market Value</u>
	<u>1</u>	<u>2</u>	<u>3</u>	
U.S. Government Securities	\$ 437,084	\$ -	\$ -	\$ 437,084
Stocks	483,050	-	-	483,050
Money Market	<u>63,765</u>	<u>-</u>	<u>-</u>	<u>63,765</u>
Total	<u>\$ 983,899</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 983,899</u>

**FIREMEN'S PENSION AND RELIEF FUND
OF THE CITY OF KENNER, LOUISIANA
NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 2000**

NOTE E - PRIORITIES UPON FUND TERMINATION

Upon termination of the contingency fund, all funds held at the time of termination shall revert to the City of Kenner to assist in paying the existing merger liability. The Plan further provides that the City of Kenner shall replenish the Fund in amounts equivalent to any deficit resulting from the payment of the benefits provided by the Plan.

NOTE F - TAX STATUS

The United States Treasury Department advised on October 9, 1974, that the Fund constitutes a qualified trust under Section 401(a) of the Internal Revenue Code and is, therefore, exempt from federal income taxes under the provisions of Section 501(a).

NOTE G - STATEMENT OF CASH FLOWS

In a prior year, the Fund implemented Statement No. 9 of the Governmental Accounting Standards Board, *"Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities that Use Proprietary Fund Accounting"*. This Statement excludes pension trust funds from reporting a statement of cash flows, and also eliminates the previous requirement that a statement of changes in financial position be included in the financial statements.

NOTE H - REQUIRED SUPPLEMENTARY INFORMATION

Funding progress and six-year historical trend information related to the Fund are presented in the Required Supplementary Information section of this report. The information is presented to enable the reader to assess the progress made by the Fund in accumulating sufficient assets to pay pension benefits as they become due.

REQUIRED SUPPLEMENTARY INFORMATION

**FIREMEN'S PENSION AND RELIEF FUND
OF THE CITY OF KENNER, LOUISIANA**
SCHEDULE OF FUNDING PROGRESS
(IN THOUSANDS OF DOLLARS)

Actuarial Valuation Date <u>June 30,</u>	Actuarial Value of Assets <u>(a)</u>	Actuarial Accrued Liability (AAL) Entry Age <u>(b)</u>	Unfunded AAL (UAAL) <u>(b-a)</u>	Funded Ratio <u>(a/b)</u>	Covered Payroll <u>(c)</u>	UAAL as a Percentage of Covered Payroll <u>((b-a)/c)</u>
2000	\$ *	\$ *	\$ *	*	\$ *	*
1999	*	*	*	*	*	*
1998	*	*	*	*	2,014	*
1997	9,222	13,673	4,451	67.45%	2,523	176.42%
1996	7,042	12,217	5,175	57.64%	2,224	232.69%
1995	6,554	15,605	9,051	42.00%	2,049	441.73%
1994	6,128	14,783	8,655	41.45%	1,940	446.13%
1993	5,677	13,737	8,060	41.33%	1,964	410.39%

Analysis of the dollar amounts of actuarial assets, actuarial accrued liability, and unfunded actuarial accrued liability in isolation can be misleading. Expressing actuarial value of assets as a percentage of the actuarial accrued liability provides one indication of the Fund's funding status on a going-concern basis. Analysis of this percentage over time indicates whether the Fund is becoming financially stronger or weaker. Generally, the greater this percentage, the stronger the Fund. Trends in the unfunded actuarial accrued liability and annual covered payroll are both affected by inflation. Expressing the unfunded actuarial accrued liability as a percentage of annual covered payroll approximately adjusts for the effects of inflation and aids in the analysis of the progress made in accumulating sufficient assets to pay benefits when due. Generally, the smaller this percentage, the stronger the Fund. The above information is reported as of the latest date for which such information was available at the date of this report. An actuarial valuation as of June 30, 2000 is in progress and will reflect the changes to the plan as a result of the merger with the SFRS in March 1999.

* - An actuarial valuation report was not prepared for the years ended June 30, 1998, 1999 and 2000.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Trustees of the
Firemen's Pension and Relief Fund
of the City of Kenner, Louisiana

We have audited the financial statements of the **Firemen's Pension and Relief Fund of the City of Kenner, Louisiana** (the "Fund"), a component unit of the City of Kenner, Louisiana as of and for the year ended June 30, 2000, and have issued our report thereon dated November 15, 2000. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Fund's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Fund's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be

material weaknesses. A material weakness is a condition in which the design or operation of one more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the Board of Trustees, the Fund's management, and the Legislative Auditor of the State of Louisiana and is not intended to be and should not be used by anyone other than these specified parties.

**FIREMEN'S PENSION AND RELIEF FUND
OF THE CITY OF KENNER, LOUISIANA**
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
For the Year Ended June 30, 2000

A. SUMMARY OF AUDIT RESULTS

1. The auditor's report expresses an unqualified opinion on the financial statements of the **Firemen's Pension and Relief Fund of the City of Kenner, Louisiana**.
2. No reportable conditions are reported in the *Independent Auditor's Report on Compliance and on Internal Control Over Financial Reporting Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards*.
3. No instances of noncompliance material to the financial statements of the **Firemen's Pension and Relief Fund of the City of Kenner, Louisiana** were disclosed during the audit.

B. FINDINGS REQUIRED TO BE REPORTED – FINANCIAL STATEMENT AUDIT

There were no findings as defined by *Government Auditing Standards* that are required to be reported in this section of the schedule of findings and questioned costs.

**FIREMEN'S PENSION AND RELIEF FUND
OF THE CITY OF KENNER, LOUISIANA**

STATUS OF PRIOR YEAR FINDINGS

For the Year Ended June 30, 2000

Reportable Condition:

Finding 99-1 - Investment Activity

Condition:

Investment activity in the amount of \$565,665, which was transferred from one investment account into a new investment account in June 1999, was incorrectly recorded as a deduction from plan assets. Because of the failure to record all investment activity on a monthly basis, plan assets and investment income may be understated. In this instance, plan assets were understated by \$565,665 and the related investment activity was not properly reflected in the general ledger.

Current Status:

For the year ended June 30, 2000, we noted no material misstatement in the recording of the investment activity.

**FIREMEN'S PENSION AND RELIEF FUND
OF THE CITY OF KENNER, LOUISIANA**
CORRECTIVE ACTION PLAN
Year Ended June 30, 2000

There are no compliance and/or internal control findings as described in the Schedule of Findings and Questioned Costs. Accordingly, there is no corrective action plan required as part of this section.
